## Sweet Dreams! Examining the Need for Our Children to Sleep!

Sleep is more important than you may think. An astounding 7 out of 10 children aren't getting enough z's! In this class we will be looking at the critical nature of sleep to children's growth, all areas of development, behavior, health and brain development. We will explore more about what sleep does, what healthy sleep is, and what happens when children (and adults) do not get the right amount of sleep, the best quality of sleep or both. We will also discuss the role sleep plays in being alert.

KCF: VII.A Establishing Healthy Principles

## Full STEAM Ahead!

Calling all Early Learning professionals that have an interest in Science, Technology, Engineering, Art and Math or STEAM!! The importance of Math as a predictor of later success in students is only just recently being recognized. Come and learn why as professionals we should focus on developmentally appropriate STEAM and what does this mean. As professionals we will explore items already in most classrooms and plan how to incorporate STEAM into their usage. Many of the resources shared will be using items in most early learning rooms, from dollar stores or using recyclables. Individuals will leave with technology based resources so they can move FULL STEAM ahead!!  
KCF: II.B Promoting Cognitive Development CDA: 2 MNCPD Approved

Instructor: Donna Henning- New Ulm ECFE  
Date: Thursday, May 18, 2017
